hangsafehooks.com

Designer,

Thank you for your interest in HangSafe Hooks.

Please call if you need something we didn't provide with this set of files.

Kevin Schauer

Hook Spacing:

'HangSafe Coat Racks' are offered with standard hook spacings:

- 5 1/3" Spacing
- 6.4" Spacing
- 8" Spacing
- 10 2/3" Spacing
- 12" Spacing

Standard lengths of racks are mixed and matched to achieve the desired total coat rack length and/or number of hooks. Hook spacing and the 16" OC 'mounting pockets' are not interrupted over the full span of the coat rack.

To Specify:

Division: 10914

Determine the desired hook spacing, and open the coordinating DWG file.

Follow the equation on the drawing.

Specify a stain color from:
